# About Us

Kgosihadi Trading and Projects CC ("KgosiHadi") is a 100% black owned company established in November 2010. Our core business is to provide professional Civil Engineering, Structural Engineering, and Project Management Services to Private Sector and all spheres of Government. Since establishment the company has provided services to various entities and sectors, and we have continuously proven that service excellence can be achieved through dedication, focus and hard work. Our current CIDB grading is 7 CE PE and 1 GB.

While we provide various services to the different sectors, our experience has allowed us to be pioneers in the water sector service provision where we have worked with various municipalities on major water projects. These include installation of all types of meters (bulk, conversational and pre-paid) and supply of all water pipes and fittings. We have also offered meter reading and vending services to various municipalities.

We have also completed several residential building turn key projects in The Eye of Africa Golf and Residential Estate, Parys Country Estate, and Henly on Kip.

Our approach to client care is to ensure that we include training services to both the client and the end-user to ensure that they are competent on how the goods and services provided for them are put to productive use. We also provide awareness programs whereby clients are educated on the importance of amongst others water saving and avoiding water leakages.

## *VISION*

To be a leading professional Civil and Structural Engineering, Project Management Services Contractor in South Africa within the water, energy and the mining sectors.

## *MISSION*

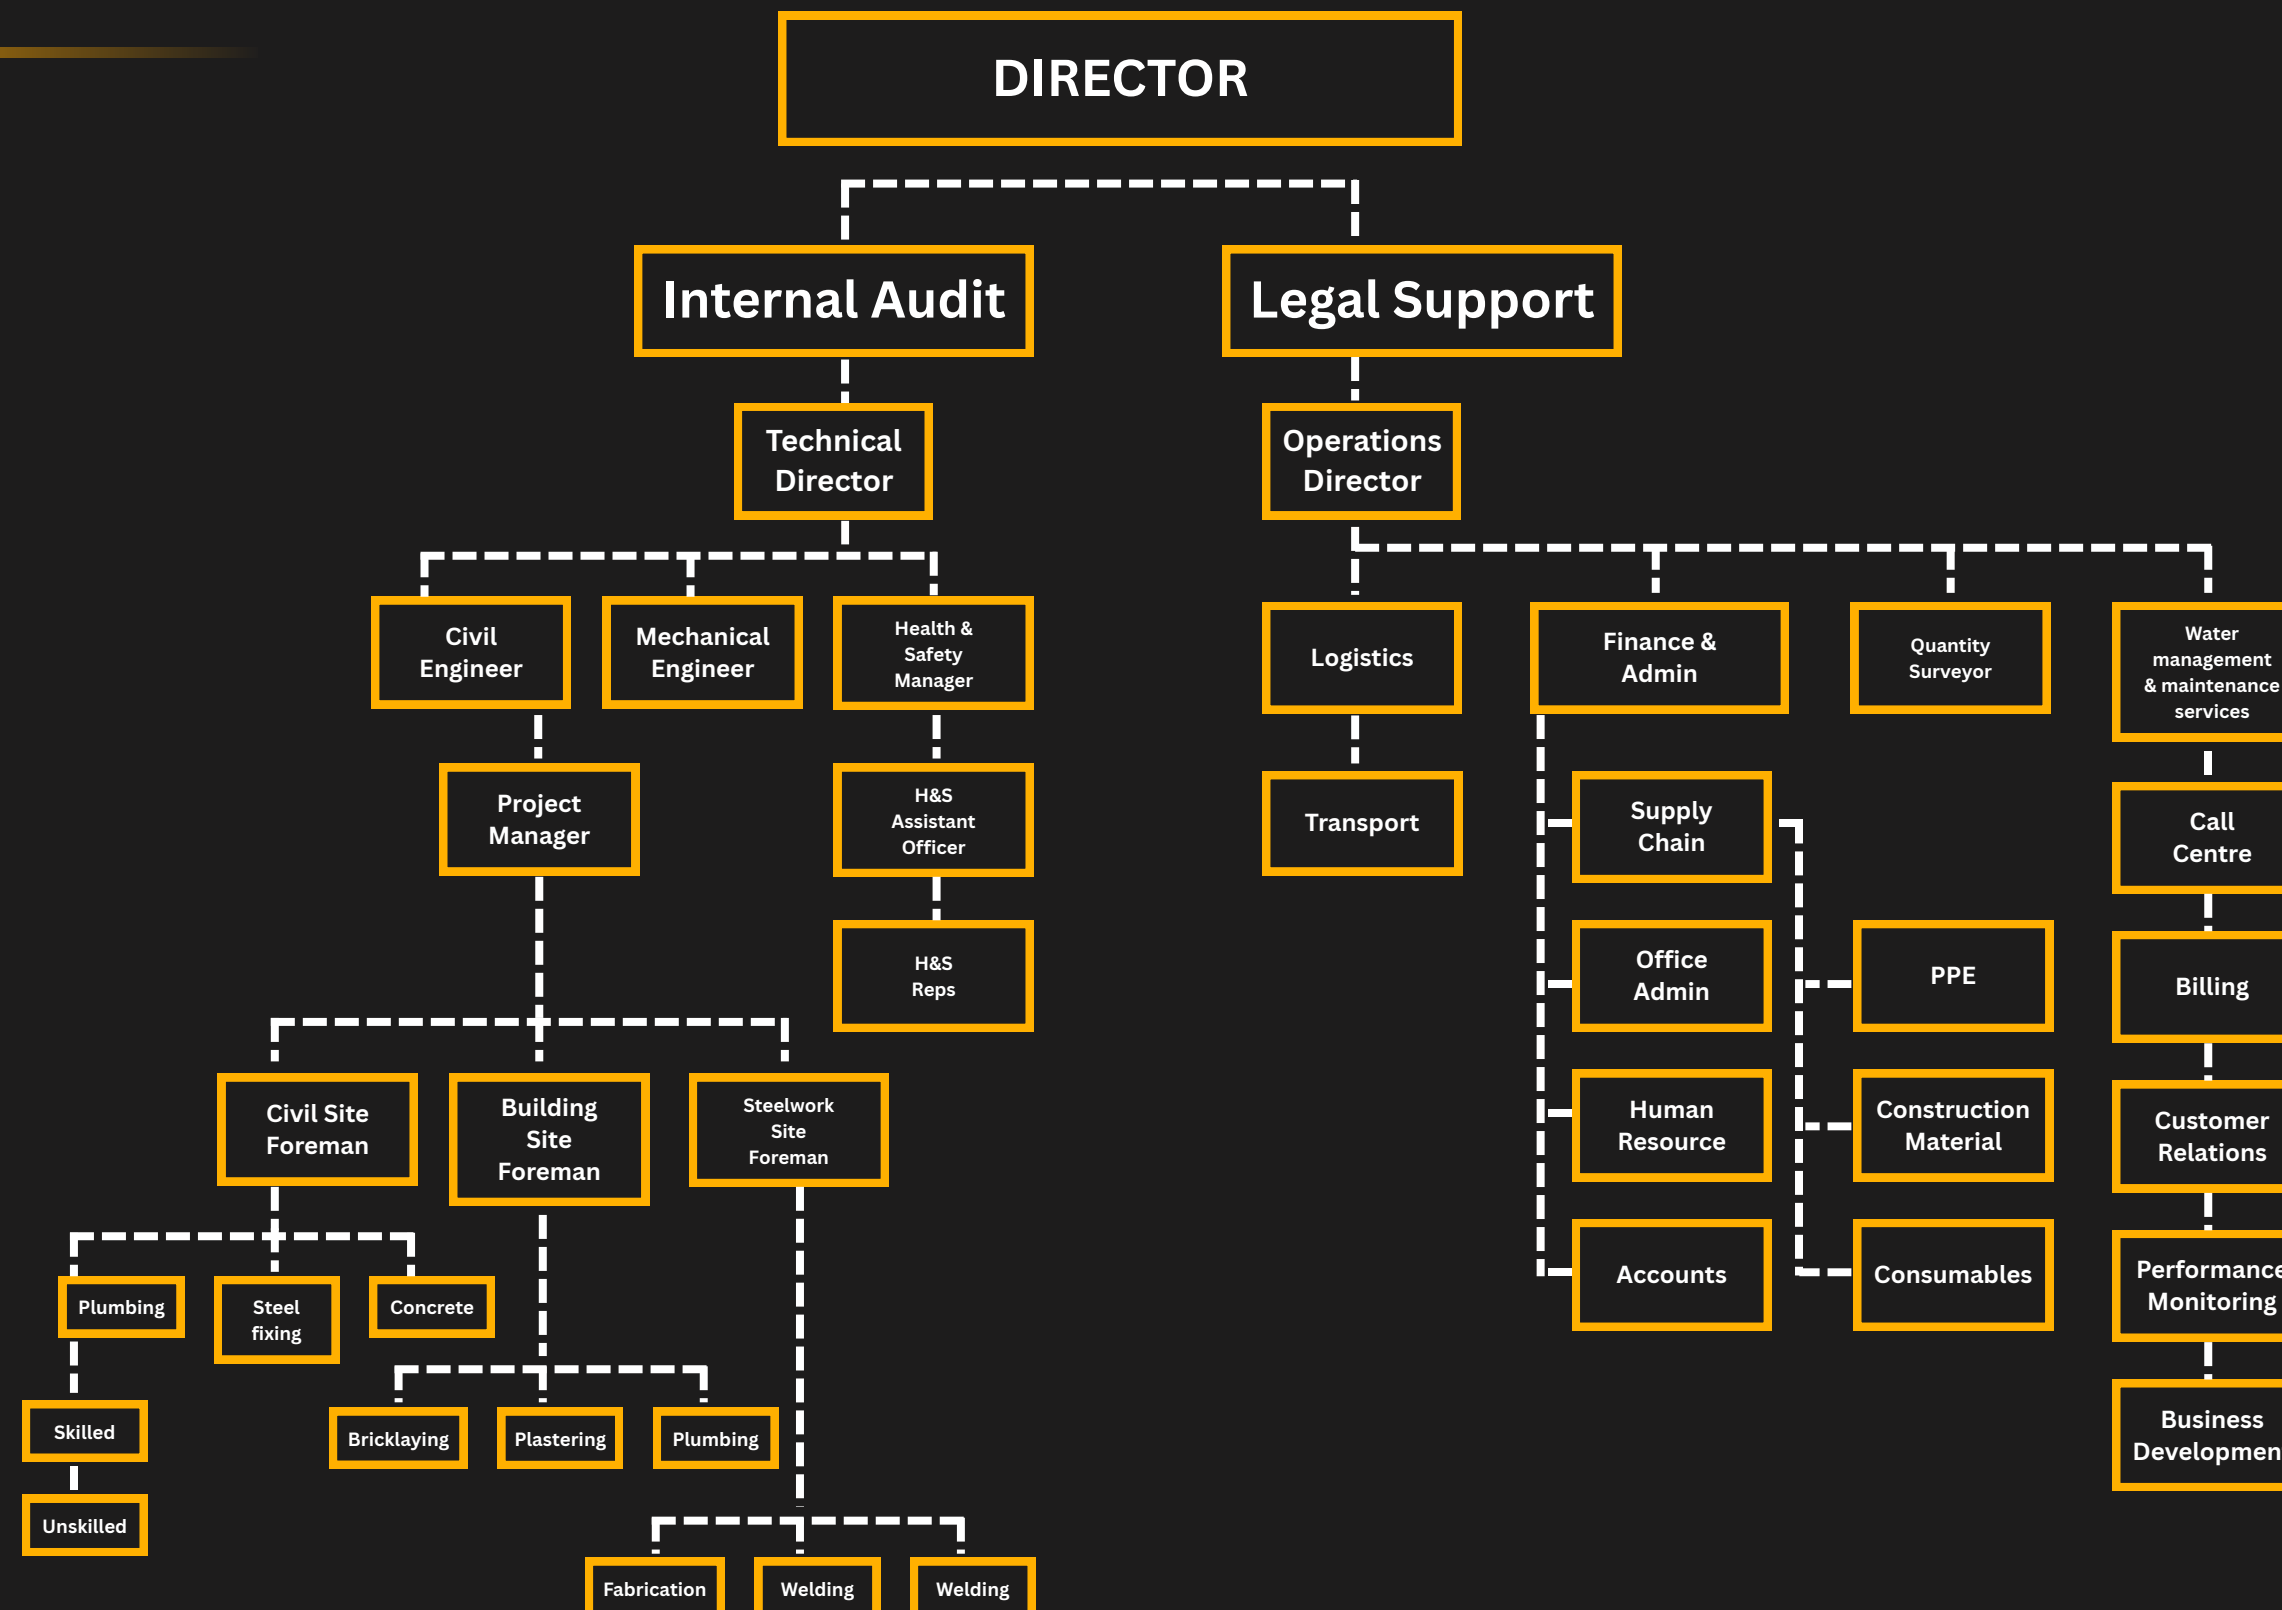

To provide professional Civil and Structural Engineering, Project Management Services and product supplies to Private Sector and All Spheres of Government in a sustainable manner.
